Shake-up In Methodist Pastors At Conference

By Rev. C. K. Dickey
(Special To The Jeffersonian)

Columbia, Ky., September 12 — The Louisville Annual conference closed its one hundred and third session today at noon.

Jeffersontown and Fern Creek were assigned two of the outstanding ministers of the Louisville Conference. Rev. T. H. Gallagher, by D. comes as the new pastor to the Jeffersontown church. He was pastor in Louisville for several years at the Highland Methodist Church. His last pastorate was the St. John's Methodist Church in Louisville.

Appointments Changed

Following adjournment of the conference, there came up certain developments which called for some adjustments in a few of the pastor assignments. This necessitated a reconvening of the Bishop's cabinet on Wednesday. Following that session Bishop W. T. Watkins announced that expediency demanded several changes in assignments. This resulted in Dr. Gallagher being reassigned to go to the Portland charge in Washington, D. C. and Rev. C. K. Dickey to Jeffersontown, with the Rev. Hudson succeeding Mr. Loy at Springfield.

Matters were still a bit confused Thursday afternoon, when Dr. Gallagher told The Jeffersonian that in conversation with Bishop Watkins, the Bishop had agreed to give the final word Thursday night. Dr. Gallagher said, "I still have hope of coming to Jeffersontown." Meanwhile, the odds at Jeffersontown are expecting a new preacher—some new preacher—to occupy the pulpit here Sunday morning.

Rev. J. H. Nicholson, D. D., came from five years as District Superintendent of the Elizabethtown District. He has been a leader in the Louisville conference, representing that body in both the General and Jurisdictional conferences as a delegate. He is very capable, a good preacher and a live pastor. Dr. Nicholson is most fortunate to secure the services of Dr. H. Nicholson and his wife.

Rev. M. B. Whitmer was assigned to St. Matthews in the place of Rev. M. R. Shepherd, who goes to Broadway, Bowling Green. Rev. H. T. Matthews was reassigned to Middletown for his second year. Rev. M. D. Dye was returned again to Wetzel. Rev. M. B. May was reassigned to Mt. Washington. Rev. John Brinson and Rev. J. M. Dye were reassigned to Shepherdsville circuit and circuit. Rev. W. W. Slider, D. D. is the new pastor at Epworth. Rev. J. P. Shepherd is the new assigned associate pastor at St. Paul where Dr. H. W. Whitaker is pastor. Rev. A. A. Loy comes to Portland in the place of Rev. Elmer Ashby, who goes to Sturgis. Rev. T. P. Perkins is the pastor at Parkview (Shively) in the place of H. T. Chandler, who goes to Woodlawn in Owensboro. Dr. Bedford Turner is the new pastor at East Broadway in the place of Rev. O. T. Nichols, who is assigned to Madisonville. Rev. J. W. Averitt comes to Virginia Avenue in the place of Dr. G. S. Wood, who is the new District Superintendent of the Henderson District.

The Jeffersontown Methodist Church and all the citizens of Jeffersontown and community are greatly honored in having a world citizen in the person of H. T. Moody, Jr. (son of Mr. H. T. Moody, Sr.) who will sail from New York, October 8, as a missionary to Brazil. Mr. Moody is an A. B. graduate of Kentucky Wesleyan College, a B. D. graduate of Emory University and an M. A. graduate from Scott College. He will be assigned to Para Aguias, Brazil as chaplain and a teacher in the Methodist school of about five hundred boys. We all can say, "Howard we are proud of you, and we assure you that our best wishes and prayers shall follow you."

The conference under the new Methodist Hospital, the Methodist Deaconess Hospital and the Evangelical Hospital in Louisville, large institution. The offices will be at the Deaconess Hospital until the new hospital is built. The three interests have assets amounting to \$1,974,000.

The new Hazardwood pastor, Rev. H. T. Sharp, comes to this district from Hawesville.

Fern Creek Loses To Jeffersontown 9 to 4

By Jimmie Hughes
Playing with a revamped lineup due to the absence of several of their regular players, Jeffersontown defeated the Fern Creek nine by the score of 9-4 Sunday on the local high school diamond before a size crowd. Kinsaid was on the mound for Manager Edelman's boys and although showing a little wildness now and then set the Creekers down with seven hits.

Burroughs, the Fern Creek pitcher, was to blame for his own downfall as he allowed several runs to score on his wildness. He hit several men and walked several that all aided in his defeat. Had Fern Creek had a little more practice under their belt we believe the outcome of the game may have been a little closer.

Manager Jim Edelman announced this week that he had signed two new players—Morris Freutwein and Bill Shultz—for next year and has several more lined up which he hoped to sign before next season. He also stated that the officers of the Suburban League are to meet the last week in September if possible to reorganize the league for the coming year. It is hoped to have several new teams in the city and county by next year which will make for a stronger league.

This Sunday Jeffersontown will journey to Taylorville to play the home team, as postponed on account of rain during the regular season. This game has the City and county standing of the Suburban League. J. and S. Cafe and Taylorville are now tied for second place and should Taylorville defeat Jeffersontown Sunday they will finish in second place.

Manager Edelman is trying to line up several more games to be played on the local diamond before the season ends. He has purchased a modern home in St. Matthews, on Produce Avenue, and his campaign in the city and county has been very successful. They spent some time in the J. H. Dickey home in the city and county. Mrs. J. L. Gray and Dr. Dickey's daughter, Mrs. Morris Swan at Middletown.

JEST AMONG US

By Jack Wild
I once knew a young fellow, name of Melvin. Melvin was an "anti-racketeer." He wouldn't have a telephone installed—that was a "racket." He wouldn't ride the city bus—that was a "racket." He wouldn't take a garage for repairs—that was a "racket." He wouldn't call a doctor when he was sick—that was a "racket." He wouldn't go to a barber—that was a "racket." Then he became the author of a fine lutey-lunged boy and some of the neighbors thought that was a "racket" too, but Melvin never complained.

Rambling: If you ever get to Denver, be sure to stop at the Blue Bar restaurant. The mountain trout served with hot buttered cinnamon rolls, is a great blue hill, offers a glimpse of beauty from every village window. Eastern Iowa, with its gently rolling hills, is not unlike our own Bluegrass land, or so it seems on a dewy morning at a whooping 60 per hour. There's nothing quite so heartwarming a thousand miles from home as to see a Kentucky license plate bearing the name of your own county.

"Yes, that is again to be right smart of a buildin'," drawled one of the sidewalk superintendents at the site of the University of Kentucky's new Memorial Auditorium-Feldman. Right smart of it is right. When it's finished, every man, every woman, and every child living in any of the 42 Kentucky counties could be seated at one time in the block-square, six-story-tall, 12,000-seat building.

So far this year the federal Department of Agriculture has spent \$10,000,000 to keep the price of potatoes up.

Street Building Plans Approved By Council

A street building program for Jeffersontown was approved by the town council Monday evening when members of the Town Council passed a resolution calling for construction bids to build or rebuild most of the city's streets. The plan was unanimous in council and the proposed street building plans.

Main Street and the west end of the city will not be included among those to be reconstructed. That portion of the Town's public ways constitutes a section of State Road 101. This section is now undergoing repairs by the State Road Department. Grand Avenue, which is under repair, also will be excluded from the new construction program.

Construction charges for the new streets are to be borne by the property owners. The city abuts the streets. This is customary where new street work is involved. The Town's finances, like other cities, are unpinched to the drain which would be required to pay for new street construction. Future maintenance would, however, be a city obligation.

The Town's annual revenue from taxes, although there has been an increase during the past year, is still only about \$4,000. In G. White, chairman of the Town Council, said that it would be several months to get the new street work started.

The regular monthly meeting of the Board of Health will be held September 28, at 2:30 p. m. in the school building at the home of Mrs. James Finn, Taylorville Road.

Record Attendance Is Set At The State Fair

By Fred T. Ballard
If you haven't been to the fair yet, you have until midnight Saturday to take it in. There is much to see and exhibits will not be removed until a late hour on the last day.

The Kentucky State Fair got away to a good start Sunday after the big parade through Broadway and the cutting of the white ribbon at the Cecil Avenue entrance. Governor Clements was unable to be present but he sent substitute, Mayor Charles Farner, and fair officials were present, including President James R. Rash and Manager J. O. Matlock.

A record attendance of 15,000 was announced for the opening day. Monday, Children's Day and Merchandise Day brought added throngs. Children from charitable institutions were admitted free. They were also admitted to the various show grounds. Professional gambling was declared "out" early in the action such games of "skill" or "chance" as pool, billiards, etc., by the Louisville Optimum Club, receipts going to a Boys' Club and other charities. Optimumists, their wives and other helpers ran the games. They gathered in the money, did "barking" in the money.

Red Cross Home Nursing Classes Start

Fall classes in Home Nursing now are being organized by Red Cross. Mrs. C. Edwin Channing, chairman of Home Nursing for the Louisville Red Cross Chapter, announced today. "Those who take Home Nursing courses do so for their own benefit as there is no volunteer service required on completion of the courses. It is always most important for people to learn to deal with illness in their own homes," she said. Under Red Cross supervision, registered nurses teach the course of nursing procedures in the care of the sick at home, pre-natal, infant and child care, including recognition of symptoms of illness, how to make the patient more comfortable, with emphasis on how to follow a doctor's instructions.

The schedules for the two types of courses are as follows: Unit 1—Care of the Sick (six two-hour lessons) to meet Monday, September 20, 7:30 to 9:30 p. m., beginning September 13, and an afternoon class Tuesday and Thursday from 1:30 to 3:30 p. m., beginning September 14.

Former County Resident Seriously Ill In Texas

The following message was received from Trevor L. Hawkins, Los Angeles, Calif., just today to be printed in our issue of September 18.—(Editor.) Friends and relatives of Mrs. J. C. Coogle, (formerly of Jefferson County and now a resident of Houston, Texas), will be sorry to hear that Mrs. Coogle suffered a severe heart attack Tuesday, August 31. Her condition is serious but without hope, since the fact that the survival of the initial attack indicates that her chances for recovery are enhanced by the hour. Mrs. Coogle's brothers and sisters, Dr. Walter Hill, Mr. Daniel M. Hill, Mr. Elmyra Stout, Mrs. Margaret McAllister, Mrs. Mattie Riles, Mrs. Beattie Aetherbold, and Mrs. Marie Jones, have all passed away. Mrs. Coogle lives in Jefferson or nearby county. That Mrs. Coogle may enjoy a speedy recovery is our most earnest prayer.

Repair Shop on Wheels Is Aid To Farmers

A truck pulling a trailer loaded to a halt in the driveway of a Texas farm home. A young man in an overalls jacket jumps from the cab. "Here's your repair truck," he calls cheerfully. "Where's the tractor that needs fixing?"

"Right here," says the farmer, motioning to the barn. The veteran enters the trailer and comes out with an electric drill which he plugs into an outlet at the corner of the barn. In no time he is buzzing away at the tractor coupling, working on a type of repair service practical only because the farm has electricity as a source of power and light.

"I've been wanting to get this job done for a long time," the young farmer grins, "and I've figured out just where the hole's to be bored. Good thing you came along, or I'd still be waiting to get this part into town."

The eyes have it. The minds get it...

F. B. Has Taken No Stand On Phone Rates

By Mrs. R. M. Downey

"A number of county Farm Bureau have expressed an interest in rate increase hearings before the Public Service Commission sought by the Southern Bell Telephone Co. As a result of this widespread interest, the Kentucky Farm Bureau Federation requested and has been granted permission to be represented at the next hearing," announced F. E. Stanford, Louisville, Federation executive secretary.

Mr. Stanford then went on to declare that the Federation has every intention of being represented, and that they have been advised that the date for the next hearing will be set during September.

"To guide us in our efforts to arrive at a fair and unbiased opinion on the merits of the Telephone Company's appeal, we have requested the Commission to furnish us copies of its records and exhibits of past hearings on the company's most recent proposal," Stanford stated. "So far," he says, "we have not taken a position in this case."

"Although the organization has not taken a position," Stanford asserted, "we can say that since

chine which was demonstrated by Mrs. Herbert Swindler and Mrs. Clyde Swindler. This was a very pleasing and time-saving lesson. After lunch Mrs. Lankin of the South Jefferson Homemakers Club and Mrs. Bewley of the Okolona Homemakers Club gave us a lesson on how to make shell jewelry. Both displayed some beautiful jewelry that seemed impossible to make. Every member who attended was very enthusiastic over this project, and our thanks and appreciation to these two ladies who so willingly gave us their precious time.

The next meeting will be held at the home of Mrs. W. E. Mayberry Camp Grounds, October 4.—Mrs. Keith Houchin, publicity chairman.

LYNDON
The Lyndon Homemakers Club met Tuesday at the home of Mrs. Horace Barker, Anchorage.

It was the first meeting of the new year and our quota of 25 members was enrolled and we have a waiting list. We enjoyed having as visitors Mrs. Ross and Mrs. Franke.

The new officers installed were as follows: president, Mrs. J. R. Griffin; vice-president, Mrs. Carl Ray; secretary-treasurer, Mrs. Carl Winkler.

Our very capable president is starting her second term of office. She is also publicity chairman for Jefferson County.

Mrs. Oliver and Mrs. Rostetter gave an interesting and instructive lesson on cleaning sewing machines, a most neglected household appliance. A good cleaning is more beneficial than oiling to the moving parts.

Mrs. Barker exhibited her many talents in beautifying her lovely country home. Many of the furnishings she made are refinished by herself, an excellent example of what a good homemaker can do.

Our major project this year is "Slip Covering." Mrs. Ernest Boone, publicity chairman.

FAIRMOUNT
The Fairmount Homemakers met Tuesday with Mrs. Lucy Gibson.

Mrs. Walter Ducey was guest in the Holloway home Tuesday.

Mrs. and Mrs. Joe Robertson and Mrs. Mary Holloway attended the Fair Wednesday.

Lake Gentry helped his brother, Hollie Floyd, on his new home in Shively and spent Saturday night with him.

SEATONVILLE

Mrs. Charles Sims the new president presided. Meeting was opened with devotional conducted by Mrs. Shobe, after which we went into our business meeting, some notes of very good suggestions were read by Mrs. Burch which were accepted by the club.

Plans to enter flowers in the Kentucky State Fair were made. Dues were collected for the coming year after which we adjourned for lunch. After lunch a very interesting lesson on care of sewing machines was given by Mrs. Stive, assisted by Mrs. Burch.

Meeting adjourned to meet with Mrs. Ben Koehler, October 13.—Mrs. Ben Koehler, publicity chairman.

THE OLE SARGE JOTS 'EM DOWN

(This column is contributed by Sgt. J. P. Camidge of the Education and Safety Division of the Jefferson County Police Department.—Editor.)

The Jefferson County authorities have proclaimed September as safety month in this county. The papers and the various radio stations will carry additional information during the next few days, but, here is one subject that I would like to bring to your attention now.

In the past few days many thousands of children returned to the school rooms of the various schools throughout Jefferson County. I would like to impress on the minds of their parents and the children themselves the great necessity for safe and sane methods of living and, for all concerned, to take heed to the rule and regulations of safety. The need for greater care for the lives of our children is brought home in all its stark tragedy when we learn and digest the figures as brought out by the National Safety Council of America.

Figures show that 39 youngsters less than 15 years of age are killed every day somewhere in the United States. This is one every 30 minutes. Added together over a period of one year this means that about 14,000 children will never take their rightful place in the future of this great nation.

When we take into consideration that our greatest asset, and the one thing that insured a continuation of our present form of democratic government, is the children of today who will be the men and women of tomorrow, then we can realize that we cannot afford to squander these our greatest natural resources.

Mrs. J. D. Holloway was guest of Mrs. and Mrs. Lyndon Morris Thursday.

Mrs. Kenneth Markwell won

the so-called accidents are in fact just the careless, negligence, and stupidity of us adults. Every day we scold, drown, crush and run down with our motor cars 39 potential leaders of this nation. Further investigation will show that many of these deaths are caused by the parents and close relations of the victims. A horrible aftermath of the so-called "accidents" is the fact that they are the chief cause of death among children in the age group from one to 14. Accidents kill more children than pneumonia, diarrhea, enteritis, measles, diphtheria, meningitis, poliomyelitis, whooping cough and scarlet fever combined.

So as this school term comes around for the '48 and '49 semesters let all pledge to ourselves that this year we will not only take greater heed to safety regulations in our own lives but that we will do all in our power to keep our children from being injured and killed in accidents. This means not only our own blood children but all the nations children as a whole.

Mrs. Oscar Kaufman and Mrs. Tressie Krebs went to Loretto, Ky. Saturday by train to visit their cousin, Mrs. Spencer Hamilton and family. Sunday morning, all attended early mass at St. Charles Church and then went to Springfield, Ky. and spent the day with their aunt and uncle Mr. and Mrs. Joe Smith and while there called on other relatives nearby and returned to Louisville Sunday.

Mr. and Mrs. Kaufman returned the night with Mrs. Krebs and spent home Labor Day.

Congratulations to Mr. and Mrs. William (Babe) Kaufman, the newlyweds. May you have many happy and prosperous years together.

Mrs. Beulah Stone called Tuesday. Quite a few new homes are being built on Cooper Chapel Road, day on Mrs. Oscar Kaufman.

Sewer Building Makes Streets Impassable

There is house after house in St. Matthews which, in case of fire, could not be reached by fire equipment because roads are so badly torn up by contractors building the new community's sewers. Sam Steinfeld, county attorney, said today.

Steinfeld added that two county police detectives have been assigned to furnish him with information concerning the sewer building and it is possible that civil or criminal prosecutions will face the contractors.

However, a member of the engineering firm which planned the sewers said, "you just can't put in sewers without excavating. There's bound to be some confusion and dirt but we're trying to do the job with the minimum of trouble for property owners in the area."

New P. O. Building
Soon To Be Started

St. Matthews will get a new post office after all. Construction is in progress on the new building on the two-story brick building which is to be 104 feet by 35 feet and will be located at Breckinridge Lane and Willis Avenue.

Jefferson County Planning and Zoning Commission originally de-

termined, arrived Tuesday for a week's vacation with Mary Louise Heck.

THERE'S STEAK ON THE MENU!
By Miss Jennie Seitz
There's no need to eat dinner twice when steak is on the menu. If you serve up a few club steaks are just the thing. These are the quality of the steak steaks, and are just as tender and delicious as the larger steaks, porterhouse and T-bone. Break them to whatever size your family prefers, then serve with broiled mushroom caps, tiny white potatoes and green asparagus stalks.
